WORKFLOW

General structure	The duration of each rotation is flexible, depending on the interest and background of the candidate. Generally the candidates with do 4-6 months of Breast Imaging with the remainder in Abdominal / Pelvic /OB Imaging. The breast rotation includes a high volume of screening and diagnostic mammography, breast ultrasound and breast MRI. The body rotations include abdominal and pelvic imaging using ultrasound, CT and MRI.
--------------------------	---

Are there times when fellows overlap and share work?	While workflow may be shared on cross-sectional abdominal or breast occasionally, it is rarely a problem to get enough volume
How many rounds are you expected to attend? Contribute to?	During the year, there are many educational and multidisciplinary rounds in all areas. Breast Multidisciplinary rounds are once per week and the Women's Fellow generally presents the Breast imaging.
Other than rounds, are there teaching responsibilities?	N/A
How procedure focused is the fellowship?	Moderate volume on breast imaging
Which procedures are you responsible for?	Imaging guided procedures include stereotactic / ultrasound and MRI guided core biopsies and pre-operative localizations during the breast rotation. There also may be some ultrasound biopsies and sonohysterograms during the ultrasound rotation.
Additional Comments about Workflow:	N/A

RESEARCH

What are the Research Expectations?	Fellows are given the equivalent of 1 full day/week of protected academic time and are required to complete and submit an academic paper by the end of the fellowship.
How much protected time is given for research (per week)?	One day per week

CALL

General	Call is shared between cross-sectional, women's imaging, and cardiovascular fellows and estimated at 1 in 10.
Responsibilities on Call:	Currently fellows and staff report ER and in-patient CT, MR, and US on weekends. No pager call.
Is there a call stipend?	No
Additional comments about call	N/A

HOLIDAYS AND PAY

Number of paid holiday's (in weeks):	4 weeks per year. See university of Toronto policy. There is often some extra time over Christmas/New Year's
