

RLI Leadership Summit Scholarship Application

The Canadian Radiological Foundation (CRF) recognizes that to play a meaningful role in shaping the future of health care, it is critical for radiologists to obtain the leadership skills that will enable them to stay at the forefront of the most important issues in health care. As such, the CRF will be offering a RLI Leadership Summit scholarship to a resident/fellow (second year residency or higher) who has demonstrated exceptional leadership potential in order to enable him/her to have the necessary skills to be the leader of tomorrow.

Applicant must plan his/her schedule accordingly even before scholarship is awarded to ensure he/she has the necessary time set aside to attend the summit (3 days plus time to travel to get to and return from location).
