

# General Radiologist

## Quinte Health is seeking a well-diversified general radiologist to join the Department of Diagnostic Imaging.

Quinte Health is seeking one well-diversified general radiologist to join the Department of Diagnostic Imaging (DI) and its team of 13 radiologists.

Core services include general radiography, ultrasound, breast imaging, CT, MRI and basic interventional radiology. Ability to perform non-vascular interventional procedures such as percutaneous abscess drainage would be an asset. Fellowship training would also be an asset.

Rotating coverage includes off-site home reporting. The primary location is the Belleville site, which lies between the beautiful Counties of Hastings and the vineyard region of Prince Edward. On-site presence is also provided at the Trenton site.

Quinte Health has 1,800 staff members and 380 medical staff who provide a wide range of high quality health care services to a region of 160,000 residents. Care is provided through four hospitals – Belleville General Hospital, North Hastings Hospital, Prince Edward County Memorial Hospital and Trenton Memorial Hospitals – and includes four emergency departments, operating rooms at three sites, inpatient services (including acute medicine, intensive care, obstetrics, pediatrics, mental health, complex continuing care, rehabilitation and surgery), a rehabilitation day hospital, children's treatment centre, ambulatory care clinics, community mental health programs, an oncology centre and a range of diagnostic services. An upgraded 1.5T MRI scanner is present at the Belleville site as well as CT scanners at both the Belleville and Trenton sites. Radiography and ultrasound are provided at all 4 sites.

All candidates must be RCPSC certified and fully licensed. Anticipated start date is flexible, but the target is July 1, 2023.

The Quinte area includes some of the most diverse and beautiful countryside in Ontario. From the lakes of Bancroft down to the wine country, picturesque towns, and Sandbanks Provincial Park of Prince Edward County, and through the more urban Belleville/Quinte West/Brighton corridor alongside Lake Ontario, almost every lifestyle interest can be found within the communities served by Quinte Health. The region offers low cost of living, affordable homes, and excellent schools as well as quality local theatre, shopping and restaurants. Belleville and Quinte West are located along the highway 401 corridor, and Toronto, Ottawa, Montreal, and Kingston are all easy driving distance.

Please submit an application - letter of intent, CV and 3 references to Dr. Vivek Singh, Medical Director, Diagnostic Imaging: [vsingh@qhc.on.ca](mailto:vsingh@qhc.on.ca).

**Closing date December 1, 2022.**
