canadienne

Canada Safe Imaging (CSI) was formed in 2015 to address the need for a national strategy and action plan as it relates to radiation safety for medical imaging in Canada, based on the recommendations from the Bonn Call-for-Action.

CSI's vision is:

- To strengthen medical radiation protection in patients and health care workers and foster a culture of radiation safety in healthcare in Canada.
- To develop an action plan relating to radiation safety for medical imaging care in Canada.
- To support evidence-based best practice guidelines.
- To facilitate a strategic approach to conduct scientific inquiry on the effects of radiation on human health.

The Canadian Radiological Foundation (CRF) is offering a **\$500 Radiation Safety Award** which would be attributed to the best poster presentation aligned with a minimum of one of the five main priorities identified by CSI, namely:

- Optimization
- Justification
- Quality and safety
- Education
- Research

All members (including residents and fellows) are invited to submit abstracts.

The Award will be presented during the Awards Ceremony of the 86th Annual Scientific Meeting (ASM) of the Canadian Association of Radiologists (CAR), **April 27 – 30, 2023**.

Please see below for abstract guidelines and format.

Please submit your abstract to dkoff@mcmaster.ca

The submission deadline is December 15, 2022.

Abstract Guidelines and Format

- Abstracts of published research studies are ineligible for submission.
- All abstracts must be submitted in English and be text-based.
- Abstracts submitted should not exceed the 250-word count limit.
- Abstracts should be submitted in a pdf format.
- Please proofread to avoid any typographic or grammatical errors.
- Please do not include author names, references, acknowledgements, institutional affiliations, figures, images or tables in your abstract body.
- A figure/image/table is recommended but not mandatory.
- Figures uploaded will not be published but will be reviewed during adjudication.
- In the email submission, authors must specify if the abstract was accepted elsewhere and include the date, location and event. This does not disqualify an abstract from being selected.

IF YOU ARE ACCEPTED:

Detailed notifications of acceptance and guidelines for poster presentation will be sent by email (date to be confirmed).
