Abdominal Imaging Radiologist

Department of Diagnostic Radiology

Queen's Health Sciences, Queen's University

Permanent Full-Time Academic Position

WHO SHOULD APPLY?

The Department of Diagnostic Radiology within the School of Medicine, Queen's Health Sciences at Queen's University and its affiliated teaching hospitals are seeking a full-time Academic Radiologist with Fellowship training in Abdominal Imaging. The preferred candidate will have a background in basic science and/or clinical research. Interest in hepatobiliary, urologic and GI oncology multimodality imaging is also considered an asset. Prostate MRI and Anorectal cancer staging MRI are specific targeted growth areas within the institution. Candidates must display evidence of an ability to work in an interdisciplinary, collaborative environment.

With the academic component of this position, there is an expectation of participation in undergraduate medical education, residency training, and research. The Department has an established internal research grant process, and the successful candidate will be encouraged to take advantage of this opportunity. Candidates must demonstrate strong potential for outstanding teaching and research contributions.

Clinical responsibilities would include Plain Film Reporting, Barium Studies and General Fluoroscopy, Computed Tomography (including CT colonography), Ultrasound, and Abdominopelvic MRI.

There is a strong collaboration with specialists through Oncology, GI, Surgery, Gynecology, and Urology. Participation in Multidisciplinary GI, GU, Gynecology Oncology, and Malignant Hematology Cancer Conferences, which are held weekly through the Cancer Centre of Southeastern Ontario is an expectation. Participation in the Body On-call schedule will be required.

KINGSTON HEALTH SCIENCES CENTRE OVERVIEW

The successful candidate will join 4 other Abdominal Imagers and 28 radiologists in the Department, who provide clinical service to a population of approximately 600,000 in Southeastern Ontario at two teaching hospitals, which comprise Kingston Health Sciences Centre (KHSC), and Providence Care Hospital. This practice is centered at the Kingston General Hospital site of KHSC, a 450-bed acute care hospital. Here, there are 2 Siemens MRI scanners (3T VIDA and 1.5T MRI) and 2 64-slice GE CT scanners. At the Hotel Dieu Hospital site of KHSC there is a 320 Slice Philips CT, which is expected to be replaced by July 2023 with a state-of-the-art Canon Aquilion 1 DECT scanner.

The Abdominal section also provides diagnostic MRI service to Kingston MRI Inc., where there are two 1.5T Philips MRI scanners.

QUEEN'S HEALTH SCIENCES OVERVIEW

Queen's Health Sciences at Queen's University strives to develop an inclusive ecosystem that attracts the best talent from diverse fields, including cardiovascular disease, medicine and surgery, nursing, and healthcare economics. This ecosystem will promote excellence in patient care and will drive high impact clinical science and education research.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of Southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

VACCINATION REQUIREMENTS

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

APPLICATION REQUIREMENTS

Qualified applicants must either hold or be eligible for certification in Diagnostic Radiology from the Royal College of Physicians and Surgeons of Canada, have undertaken fellowship training, and be eligible for licensure with the College of Physicians and Surgeons of Ontario.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of Canada, applicants need not identify their country of origin or citizenship. However, all applicants must include one of the following statements: "I am a Canadian citizen/permanent resident of Canada" OR, "I am not a Canadian citizen/permanent resident of Canada". Applications that do not include this information will be deemed incomplete.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact us at the address below for assistance in making suitable arrangements.

The review of applications is on-going and will continue until the position is filled. Applications are to include a letter summarizing expertise, qualifications, and accomplishments relevant to the position, a CV, links to at least three recent and related publications, and three letters of reference (sent directly from referees to the Department).

Applicants are encouraged to send all documents in their application packages electronically as PDFs to Omar Islam at Omar.Islam@kingstonhsc.ca, although hard copy applications may be submitted to:
