

General and Sub-specialized Women's Imaging Radiologist

Prairie Skies Medical Imaging is Regina's largest imaging practice.

Owned by local radiologists, we have provided comprehensive imaging services in 5 community clinics, two acute care hospitals and multiple Southern Saskatchewan health centres for more than 50 years.

Prairie Skies offers above average earning potential in a dynamic work environment.

Regina is a diverse city offering all amenities, and an international airport. You will enjoy numerous employment and lifestyle opportunities. Saskatchewan's low cost of living is the envy of many provinces.

The Opportunity: Prairie Skies Medical Imaging is seeking a Fellowship trained Women's Imaging Radiologist, or experienced radiologist with extensive breast imaging experience.

Applicants are expected to do all aspects of breast imaging, including screening and diagnostic mammography, breast ultrasound, breast MRI, and breast procedures.

The candidate will have the opportunity to grow the breast practice with best practice and policy.

This is a full time, partnership track position that covers primarily daytime shifts with equitable evening and weekend call responsibilities.

Qualifications:

- Eligible for licensing with the College of Physicians and Surgeons of Saskatchewan (CPSS)
- Fellow of the Royal College of Physicians and Surgeons of Canada (FRCPC) or eligible
- International Medical Graduates are welcome and encouraged to apply.
- Proof of COVID-19 vaccination is required
