

DIAGNOSTIC NEURORADIOLOGIST

The Department of Medical Imaging at **The Ottawa Hospital (TOH)** is seeking an academic, fellowship trained Diagnostic Neuroradiologist for a full-time position starting immediately to join the Neuroradiology Section of a department of approximately 60 sub-specialty radiologists. The candidate will serve the three campuses of **The Ottawa Hospital**, the core adult teaching hospital for the **University of Ottawa**, as well as affiliated community hospitals and ancillary programs. As the central hub of an integrated regional health system and Canada's largest teaching and research hospital, TOH is a level 1 trauma, 1,200-bed tertiary, academic health sciences centre serving a population of 1.2 million.

As part of the Neuroradiology Section, the successful candidate will work collaboratively as part of a highly efficient team to provide dedicated Neuroradiology expertise. The candidate will require broad Neuroradiology skills in all relevant modalities, including CT (320-slice and dual energy), MRI (1.5, 3T) and carotid Doppler. The candidate should also excel at various spine procedures including vertebroplasty, rhizotomy, and spinal biopsies. Interpretation of advanced MRI Imaging techniques including perfusion, spectroscopy, DTI would also be expected. The successful candidate will provide consultation for the full spectrum of Neurologic diseases, trauma, acute stroke, neuro-oncology and Head and Neck radiology.

An academic record of accomplishment or a demonstrated interest in leading the team in diverse areas of academic excellence (Research, Education, Leadership, Translational, Quality Innovation, Bench/clinical/knowledge translation, and artificial intelligence/computer science) will be important considerations for the selection committee. The environment at TOH is strongly committed to developing the successful candidate's academic career with mentorship, protected research time, and opportunities to collaborate with peers and allied scientists (Please inquire at time of interview).

They will be expected to be a team player, with a strong commitment to patient care, quality improvement, research and teaching. The successful candidate will hold certification in Diagnostic Radiology with the Royal College of Physicians and Surgeons of Canada or international equivalent.

The Department of Medical Imaging, at The Ottawa Hospital is one of five departments or divisions and three hospital groups contributing to the academic mission of the Department of Radiology, Radiation Oncology and Medical Physics, within the Faculty of Medicine at the University of Ottawa. The Department of Radiology, Radiation Oncology and Medical Physics comprises 59 Radiologists, 22 Radiation Oncologists, 18 Medical Physicists, 5 scientists (with skills in virtual reality, imaging processing and artificial intelligence), 1 educationalist, 34 residents, and 30 fellows. The Department has an established record of recognized excellence in postgraduate, graduate, and undergraduate Medical Imaging education. The Department oversees a Preclinical Imaging Core equipped with 7T MRI, Ultrasound, and PET-CT facilitating basic science research. The affiliated Ottawa Hospital Research Institute provides world-class research support and opportunities for collaborative translational Medical Imaging research.

The University of Ottawa is an equal opportunity employer and strongly committed to diversity. We strongly encourage applications from racialized persons/ persons of colour, members of visible minorities, women, Indigenous/ Aboriginal People of North America, persons with disabilities, 2SLGBTQ+ persons, bilingual persons (French and English) and others who may contribute to the further diversification of ideas. If you are invited to continue the selection process, please notify us of any adaptive measures you might require by contacting the Office of the Associate Vice-President, Faculty Affairs at 613-562-5958. Any information you send us will be handled respectfully and in complete confidence.

The University of Ottawa is proud of its 160-year tradition of bilingualism. Through its Official Languages and Bilingualism Institute, the University provides training to Faculty members in their second official language.

Please submit a letter of intent and CV by November 30, 2023, to Dr. Carole Dennie Interim Head/Chair – Department of Medical Imaging, The Ottawa Hospital/Department of Radiology, Radiation Oncology and Medical Physics, University of Ottawa, Box 232, 501 Smyth Rd., Ottawa, Ontario, CANADA, K1H 8L6; Tel: 613-737-8571; Fax: 613-737-8830; Email: cdennie@toh.ca.
