

## Radiologist - Remote

Whether you're either just starting out or well-established in your radiology practice, have you ever dreamed of having:

- 1) more autonomy, control, and flexibility over your working schedule
  - 2) potentially making as much as you could at a hospital from the comfort of your home?
- If so, RealTime Medical may be your answer.

With RealTime Medical, you can work from home, read as many of the cases assigned to you as you can and get paid for every exam you read. No need to split revenues amongst a group.

[Book](#) a meeting to learn more.

**Position:** Radiologist - working remotely

### The Role:

- Royal College certified and competitive compensation based on applicable fee schedules and industry standards.
- Flexible schedule with a mix of hospital and clinic-type work but fully remote.
- Available opportunities:
- Daytime, weekday coverage
- Daytime, weekend coverage
- Flexible evening coverage

### The Candidate:

- Have or eligible for, Independent Registration with the College of Physicians and Surgeons of Ontario
- Certification with the Royal College of Physicians and Surgeons of Canada
- Strong communication skills, organizational skills, and sense of personal responsibility
- Ability to work independently and meet desired turnaround time targets
  
- Attention to detail and multi-tasking skills are a must-have
- A team player with a passion for helping physicians and their patients and a commitment to making a difference in Canadian healthcare

### Responsibilities:

- Responsive reporting of all types of modalities and studies sent during scheduled shifts
- Communicating with referring clinicians and technologists
- Consistent, dependable coverage of agreed-upon scheduled shifts
- Active participation in and use of company peer learning and skills development system
- Additional duties as agreed upon

## About RealTime Medical

**Mission:** Significantly improve the timeliness and quality of care patients receive.

**How:** Carefully deploying innovative solutions and services that improve diagnostic efficiency, quality, and communications.

**Culture:** We are a team of highly motivated professionals with strong interpersonal skills dedicated to improving the care patients receive.

### If you:

- believe in taking personal ownership of what you do and how you do it
- are a team player who believes in having your teammates' back, using your skills and knowledge to assist wherever you can while working as a cohesive unit

### RealTime is the place for you!

#### What You Can Expect:

- A systematic onboarding process that will bring you up to speed with our processes, tools, and software.
- A team of experienced professionals ready to support and guide you.
- The opportunity to work with innovative healthcare technologies and solutions.
- Working as part of a cohesive team responsible for the daily operations of our remote radiology (teleradiology) service, reporting to the Director of Operations and Services.

**Next Step:** If you are interested in work that matters and helping to deliver better care as part of a dedicated team, send your resume to: Tracy van Noort [tracy.vannoort@realtimedical.com](mailto:tracy.vannoort@realtimedical.com)

### Radiology Reimagined™
