

Radiology – New Glasgow

Opportunity Type: Permanent

Site Visit & Reallocation Allowance Programs:

For information and to determine eligibility for Department of Health and Wellness Incentives, please contact Physician.Resources@novascotia.ca

About the Opportunity

- The Aberdeen Hospital, originally founded in 1895 and located in the historic town of New Glasgow, is the regional acute care facility serving residents of Pictou County. Completed in 2017, the emergency department at the AH underwent an extensive redevelopment to improve the layout and workflow of the existing space. All rooms are equipped with critical care equipment, and the 25,000-square-foot space features two isolation rooms and specialty rooms, including triage rooms and two trauma bays with direct access to the helipad. The Level 2 emergency department provides 24/7 access to emergency services. AH offers a wide range of primary and secondary services through inpatient, outpatient, and community-based services and programs.

Services:

anesthesiology
cancer and supportive care
diagnostic imaging
emergency medicine
family medicine
general surgery
internal medicine
maternal and child services
mental health and addiction services
nutrition and diabetic counselling
obstetrics and gynecology

Community Details

Established in 1835, the historical town of New Glasgow is located Pictou County. Overlooking the banks of the East River of Pictou, New Glasgow is at the center of the province's fourth largest urban area. Comprised of the five towns of New Glasgow (location of the Aberdeen Hospital), the County of Pictou, Pictou, Trenton, Stellarton, Westville, and Pictou Landing First Nation, Pictou County is ideally situated along the Northumberland Strait. You'll find a welcoming community with hard-working and down-to-earth people, enjoying a balanced lifestyle. Just minutes from beautiful beaches, join us and fill your lungs with salty sea air, and enjoy the urban-rural mix that Pictou County has to offer. In your practice, enjoy a collegial atmosphere with access to the tools you need to do your job.

Rich in culture, entertainment, and history, come and build the fast- or slow-paced life you desire in Pictou County.

Physicians in Nova Scotia provide fulfilling patient care which embraces family life, professional development, and community involvement. That's what makes practicing medicine in Nova Scotia unique. Physicians are increasingly attracted to practices that offer team-based care to their patients and allow them to consult with their peers. The size and scale of Nova Scotia allows for better connections across the health care system. Your practice of medicine and your life is richer here. Nova Scotia is more than medicine.
