

# Locum Radiologist Opportunity – Sunridge Diagnostic Imaging, Calgary

**Location:** Calgary, Alberta

**Type:** Locum

## About Us:

Sunridge Diagnostic Imaging (SDI) is a well-established and thriving ultrasound clinic in Calgary. We pride ourselves on delivering high-quality diagnostic imaging services with a focus on patient care and accuracy. Our clinic is known for its great team of skilled sonographers and administrative staff, fostering a friendly and supportive work environment.

## Position Overview:

We are seeking a qualified Locum Radiologist to join our dynamic team. The ideal candidate will have the necessary credentials to report in Alberta and experience interpreting a wide range of ultrasound studies, including musculoskeletal (MSK) and vascular imaging.

## Key Responsibilities:

- Interpret and report ultrasound imaging studies across various modalities, including MSK, vascular, abdominal, obstetric, and small parts imaging.
- Collaborate with referring physicians to ensure timely and accurate diagnostic reporting.
- Perform ultrasound-guided pain management procedures (preferred but not required).

## Requirements:

- Certification with the Royal College of Physicians and Surgeons of Canada (RCPSC) or equivalent.
- Eligibility for licensure with the College of Physicians and Surgeons of Alberta (CPSA).
- Demonstrated expertise in ultrasound imaging, including MSK and vascular studies.
- Strong communication and interpersonal skills.
- Experience with ultrasound-guided pain management is an asset.

## Why Join Us?

- Competitive compensation.
- Flexible scheduling tailored to your availability.
- Opportunity to work in a high-volume ultrasound clinic with a supportive and collegial team.
