Practice Details:

Manitoba X-Ray Clinic provides service for St. Boniface, Grace, Concordia and Misericordia hospitals and an outpatient sports medicine facility. The hospital practices are high volume and include CT, X-ray, ultrasound, fluoroscopy and MRI (at our two tertiary facilities). General call duties are expected and include coverage of CT, US and Xray during the evening and weekends throughout the year. Call duties are split between all members of the group. Competitive remuneration is offered. Candidates must be eligible for board certification in Diagnostic Radiology by the Royal College of Physicians and Surgeons of Canada (RCPSC) or by eligible for American Board certification.

Group:

Manitoba X-Ray Clinic (MXC) is a highly cohesive and collegial group of 20 academic subspecialty and general radiologists. The group is affiliated with the University of Manitoba and radiology residents are trained through St. Boniface Hospital.

City:

Winnipeg is a young and vibrant city with an affordable cost of living. Come and visit the cultural capital of Canada which hosts several festivals throughout the year and is home to the world renowned Canadian Museum for Human Rights, the Forks, a beautiful winter river skating trail

and several professional sports teams. Easy commute from most parts of the city and Winnipeg is a very friendly, safe, and community oriented city.
