Academic Cardiothoracic Radiologist

Department of Diagnostic Radiology

Faculty of Health Sciences, Queen's University

Full-Time Academic Position

WHO SHOULD APPLY?

The Department of Diagnostic Radiology within the School of Medicine, Faculty of Health Sciences at Queen's University and its affiliated teaching hospitals are seeking a full-time Academic Radiologist with Fellowship training in Cardiothoracic Radiology. The preferred candidate will exhibit strong potential for innovative and scholarly research or will have an excellent track record of, or interest in, high-quality research output.

The Cardiothoracic Imaging Division operates an established and growing clinical practice covering adult pulmonary and cardiovascular services including radiography, CT, and MR imaging. The Division also provides imaged-guided (CT) chest interventions including lung, mediastinal and pleural biopsies.

Cardiothoracic Imaging at Queen's is recognized for providing high quality care and is closely integrated with Respiriology, Thoracic Surgery, Oncology, Cardiology, and Cardiac Surgery through multidisciplinary conferences as well as collaborative clinical and research initiatives. The Division is engaged in diverse educational activities through teaching of medical students, residents, and fellows. Candidates must demonstrate strong potential for outstanding teaching contributions.

The preferred candidate will provide consultations and procedures for the full spectrum of Cardiothoracic imaging and participate in weekly multi-disciplinary chest conferences. Finally, there is expectation of participation in the Department Body/Plain Films On-call schedule. Candidates must display evidence of an ability to work in an interdisciplinary, collaborative environment.

KINGSTON HEALTH SCIENCES CENTRE OVERVIEW

The Academic Radiologist will join 30 radiologists in the Department, who provide clinical service to a population of approximately 600,000 in Southeastern Ontario in two teaching hospitals, Kingston Health Sciences Centre and Providence Care. There are a total of 3 CT scanners at both hospital sites, including a recently installed DE Canon Aquilion ONE CT with full Cardiac imaging capabilities. There is a 1.5T Siemens MRI scanner and a recently installed state-of-the-art Siemens 3T VIDA MRI scanner. A breast MRI is soon to be installed. A PET-CT program will begin as of March 2025. There are two additional 1.5T Phillips MRI scanners in a community MRI practice.

QUEEN'S HEALTH SCIENCES OVERVIEW

Queen's Health Sciences at Queen's University strives to develop an inclusive ecosystem that attracts the best talent from diverse fields, including cardiovascular disease, medicine and surgery, nursing, and healthcare economics. This ecosystem will promote excellence in patient care and will drive high impact clinical science and

education research.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

APPLICATION REQUIREMENTS

Qualified applicants will hold an MD degree (or equivalent). Candidates must be eligible for licensure by the College of Physicians and Surgeons of Ontario. Preference will be given to those who either hold or are eligible for certification in Diagnostic Radiology by the Royal College of Physicians and Surgeons of Canada. Applicants must also possess expertise, training, and experience in Cardiothoracic Radiology.

Members of the Department of Diagnostic Radiology enjoy a competitive compensation package, including a generous benefits plan. Academic rank will be commensurate with experience.

Faculty and their dependents are eligible for an extensive benefits package including prescription drug coverage, vision care, dental care, long term disability insurance, life insurance and access to the Employee and Family Assistance Program. Employees also participate in a pension plan. Tuition assistance is available for qualifying employees, their spouses, and dependent children. Queen's values families and is pleased to provide a 'top up' to government parental leave benefits for eligible employees on maternity/parental leave. In addition, Queen's provides partial reimbursement for eligible daycare expenses for employees with dependent children in daycare. For more information on employee benefits, see [Queen's Human Resources](#).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. Applications from all qualified candidates will be considered in the applicant pool. In order to support your employment at Queen's, we require you to indicate whether or not you will need a work permit.

Those interested in this position should submit a complete application package, including the following documents:

- a cover letter, summarizing expertise, qualifications, and accomplishments relevant to the position. The cover letter should also indicate whether or not you will require a work permit and/or require support with an extension of your work permit in the future.
- a Curriculum Vitae; and,

- the names and full contact information of three referees.

Complete applications are to be directed to:

Omar Islam MD FRCPC DABR
Head, Associate Professor, Department of Diagnostic Radiology,

c/o Pam Moore, DI Coordinator
pam.moore@kingstonhsc.ca

Queen's University Faculty of Health Sciences
Kingston Health Sciences Centre, Kingston General Hospital Site
76 Stuart Street, Kingston, ON, K7L 2V7
Telephone: 613-549-6666, ext. 1253 FAX: 613-548-2412

Review of applications will commence immediately and will continue until the position is filled.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact Ms. Pam Moore above.
