

Join Our Team: Full-Time Adult Ultrasound Radiologist Health Sciences Centre – Winnipeg, Manitoba

Health Sciences Centre (HSC) Adult Ultrasound Department in Winnipeg is seeking a **Full-Time or Part Time Radiologist** to join our dynamic and collaborative diagnostic imaging team.

Position Overview:

As a member of our department, you will join our team of experienced Radiologists providing high-quality diagnostic ultrasound interpretation across a wide range of tertiary inpatient, and outpatient services including but not limited to emergency, obstetrics and gynecology, surgery, medicine, oncology, and transplant nephrology.

The position provides a fulfilling balance of procedural work and image interpretation across various subspecialties, including abdominal, MSK, GU, vascular, and obstetrical imaging.

The successful candidate will be able to participate in a wide range of **interventional procedures**, including biopsies, drain placements, and therapeutic aspirations.

What We Offer

- A full-time, permanent position in a collegial environment with great work life balance.
- Flexible work environment, with flexibility in scheduling vacation.
- Opportunities for teaching and academic appointment through the Max Rady College of Medicine, University of Manitoba
- Competitive salary
- Relocation support and licensure assistance available

Qualifications

- Fellowship training and/or significant experience in ultrasound radiology
- Royal College of Physicians and Surgeons of Canada (RCPSC) certification (or eligibility)
- Eligible for licensure with the **College of Physicians and Surgeons of Manitoba**
- Commitment to excellence in patient care, teaching, and continued professional development

Why Winnipeg / Canada?

Winnipeg is a vibrant, affordable city rich in arts, culture, and outdoor activities. With a strong sense of community, excellent schools, and a diverse population, Winnipeg offers a fantastic quality of life for individuals and families alike.

For those applying from outside of Canada, our system offers a refreshing alternative with a publicly funded healthcare system prioritizing patient care over profit.
