

## **PEDIATRIC GENERAL RADIOLOGIST – HAMILTON**

McMaster University, Department of Medical Imaging, in conjunction with Hamilton Health Sciences, Department of Diagnostic Imaging, is seeking a full-time academic Pediatric General Radiologist to provide care at McMaster Children's Hospital (MCH).

MCH is a globally renowned pediatric hospital dedicated to children's health delivering excellence in clinical care, child health research and education. It is home to some of the country's most respected pediatric care programs, including Canada's largest NICU and the largest prosthetic and orthotics facility of its kind. MCH also houses one of Ontario's fastest-growing pediatric emergency department and largest inpatient child and youth mental health unit, and more. MCH is undergoing the most significant expansion in its history, fueled by a landmark provincial investment to expand critical services, add top-tier clinicians, and improve access to cutting-edge pediatric care for families across Ontario.

Each year MCH has over 210,000 patient encounters in our subspecialty clinics, diagnostic areas, emergency department, inpatient wards and operating rooms. The volume and complexity of pediatric imaging work is constantly increasing. The Pediatric Department is continually expanding, and our imaging team is recruiting to meet the need for expanding dedicated pediatric imaging and intervention services for the site.

The successful candidate will assume a companion faculty position at McMaster University, with academic rank commensurate with the candidate's qualifications and experience. The successful candidate will promote clinical scholarship through teaching, mentorship and support for research and will demonstrate excellence in clinical care, exhibit collegial, civil relations in all interactions. The McMaster Diagnostic Radiology Residency Program is a highly rated training program in Canada. Participation in teaching and supervision for our strong residency and undergraduate programs is required.

Candidates must be licensed or eligible for licensure in the Province of Ontario, certified (or eligible for certification) in Diagnostic Radiology by the Royal College of Physicians and Surgeons of Canada, or equivalent and meet the credentialing requirements of Hamilton Health Sciences.

Hamilton Health Sciences is a family of seven hospitals and a cancer centre, serving more than 2.3 million residents of Hamilton, central south and central west Ontario. The Diagnostic Imaging department at HHS provides comprehensive care for the region, with subspecialty imaging expertise.

McMaster University is consistently ranked among Canada's most research-intensive universities, housing 70 research centers and more than 100 research chairs. McMaster's Faculty of Health Sciences (FHS) is the birthplace of problem-based learning and evidence-based medicine and is a global leader in health education and research. FHS combines healthcare disciplines under one Faculty in an interprofessional, interdisciplinary model which encourages innovation and collaboration, preparing healthcare learners and researchers for future practice. At the core of this training is our strong relationships with our academic hospital partners: Hamilton Health Sciences and St. Joseph's Healthcare Hamilton.

All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the employer is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: **"Yes, I am a citizen or permanent resident of Canada"** or **"No, I am not a citizen or permanent resident of Canada"**.

Interested applicants should submit **in PDF format**:

- A cover letter of intent inclusive of a statement of teaching interests and philosophy and/or research interests where applicable
- A Curriculum Vitae
- Names of three references; please note that no reference or letters of recommendations are required at the time of application. These will be solicited at later stages of the search process. Unsolicited letters will not be reviewed until later stages of the search process.
- Submit a brief statement describing any contributions made or planned in relation to advancing equity, diversity and inclusion or inclusive excellence in teaching, research, or service within higher education, community-based or other profession settings (2-page maximum)

Applications will be accepted until recruitment is completed.

**Application packages should be sent by email directly to:**
