

## FULL-TIME GENERAL RADIOLOGIST OPPORTUNITY OWEN SOUND, ONTARIO

The Department of Medical Imaging at [Brightshores Health System](#) is actively seeking a full-time General Radiologist to join their team

**About Brightshores Health System:** Brightshores Health System operates six hospitals in the Grey Bruce region, with our Regional Hospital located in Owen Sound. Our mission is to build healthier communities one patient at a time. We have over 2,200 dedicated staff and more than 250 physicians delivering excellent patient care to residents and visitors across Grey Bruce.

**Opportunity:** We are seeking a General Radiologist to join our team of 10 radiologists at our Owen Sound Regional Hospital. The ideal candidate will be proficient in interpreting X-ray, Ultrasound, CT, MRI, and mammography studies. Skills in interventional radiology, nuclear medicine, and coronary CT would be considered an asset.

### Why Join Us?

- **Work-Life Balance & Flexibility:** We understand the importance of manageable workdays. Our team enjoys a flexible schedule that allows for a great work/life balance, with options to work extra hours if desired.
- **Supportive Group Dynamics:** Join a congenial, collaborative, and supportive team of professionals. Our radiologists enjoy strong relationships with administrative staff, technologists, and other physicians. You will be part of a group where communication and collaboration are key, allowing you to build meaningful connections with your colleagues.
- **Tailored Workload & Hybrid Work Options:** We believe in aligning workload with individual skills and preferences. Whether you're looking for a heavier case load or a more manageable pace, we are committed to tailoring your responsibilities to your experience and comfort level. We also offer hybrid work options, providing the flexibility to work remotely as part of a balanced lifestyle.
- **Professional Development:** At Brightshores, we are committed to your growth and development, offering opportunities to expand your skills in areas such as interventional radiology, nuclear medicine, and more. We support continued learning and professional advancement.
- **Comprehensive Services & Collaborative Environment:** Our Owen Sound hospital offers a full range of specialty services, including complex surgeries, total joint replacements, cancer surgeries, and advanced diagnostic imaging with MRI and CT services. As part of a tight-knit team, you will have the opportunity to participate in rounds, collaborate with specialists, and contribute to patient care in a friendly hospital setting.

### How to Apply:

Interested candidates are invited to submit their resume and cover letter.

For any questions about the position or to apply, please contact Neil Rosta MD FRCP(C) – Chief Radiologist Brightshores Health System      Email: [nrosta@brightshores.ca](mailto:nrosta@brightshores.ca)

Join Brightshores Health System and be part of a team dedicated to exceptional healthcare in a community you'll be proud to call home.
