

## RADIOLOGY CONSULTANTS OF WINNIPEG

### **GENERAL & SUB-SPECIALIZED RADIOLOGISTS**

Radiology Consultants of Winnipeg Medical Corporation (“Radco”) is seeking Fellowship-trained radiologists eligible for certification by The Royal College of Physicians and Surgeons of Canada. Radco is an established private radiology group based in Winnipeg. Our radiologists are affiliated with the University of Manitoba. We provide subspecialized and general radiology professional services across all modalities including MRI, CT, X-ray, ultrasound, mammography, fluoroscopy, and interventional radiology at clinics and several Shared Health Manitoba hospitals around the province, including the Health Sciences Centre, one of the largest tertiary care centres in Canada.

### **OPPORTUNITY**

Although the main area of practice available is in general radiology, including CT, ultrasound, X-ray, and fluoroscopy, subspecialized opportunities may also be available, especially MSK. Positions range from locum tenens to full-time associate with the potential for shareholder track.

Interested radiologists please submit CV to:

#### **Physician Recruitment**
