### WORKFLOW

<b>General structure</b>	<p>The two-year subspecialty training in nuclear medicine provides extensive training in the full spectrum of nuclear medicine, including physics, radiopharmacy, radionuclide therapy, SPECT/CT, PET/CT and nuclear cardiology (at the renowned University of Ottawa Heart Institute).</p> <p>Upon completion of the training program the trainee will be thoroughly proficient in all aspects of clinical Nuclear Medicine and will be able to function independently as a Nuclear Medicine</p>
--------------------------	---

	consultant. After completing of the two-year subspecialty training, the trainee will be eligible to sit for the RCPSC examination in Nuclear Medicine.
<b>Are there times when fellows overlap and share work?</b>	Approximately two fellows are enrolled in the program. Given the multiple training sites and away rotations there is usually minimal overlap.
<b>How many rounds are you expected to attend? Contribute to?</b>	<ul style="list-style-type: none"> <li>• Weekly didactic lectures</li> <li>• Weekly interesting case conference</li> <li>• Monthly journal club</li> <li>• Monthly city wide grand rounds</li> <li>• Monthly chief rounds</li> <li>• Occasional morbidity and mortality rounds</li> </ul>
<b>Other than rounds, are there teaching responsibilities?</b>	N/A
<b>How procedure focused is the fellowship?</b>	Minor component
<b>Which procedures are you responsible for?</b>	Lymphoscintigraphy and shunt injections
<b>Additional Comments about Workflow:</b>	N/A
<b>RESEARCH</b>	
<b>What are the Research Expectations?</b>	Trainees are encouraged to pursue at least one research project during their training
<b>How much protected time is given for research (per week)?</b>	Elective research rotations are available
<b>CALL</b>	
<b>General</b>	Approximately one weekend (day call) per month
<b>Responsibilities on Call:</b>	Initial contact person, staff physician available for backup
<b>Is there a call stipend?</b>	As per PARO agreement
<b>Additional comments about call</b>	No calls the two months preceding the trainee's Royal College examination?
