WORKFLOW

General structure	<ul style="list-style-type: none"> Monday: MSK CT, MRI, SPECT CT and intervention Tuesday: MSK ultrasound AM, cross sectional and intervention PM Wednesday: MSK CT, MRI, SPECT CT and spinal intervention Thursday: MSK ultrasound AM, cross sectional and intervention PM Friday: MSK ultrasound AM, cross sectional and intervention PM
Are there times when fellows overlap and share work?	Yes, however there is plenty of volume to share.
How many rounds are you expected to attend? Contribute to?	Attend: Weekly orthopedic, rheumatology and tumor board rounds, and monthly sports med rounds. Contribute to: Fellows will present rounds and contribute to resident and medical student teaching as well as regular research and interesting case meetings.
Other than rounds, are there teaching responsibilities?	Yes, fellows will engage in medical student and resident teaching daily and grand rounds once per year.

How procedure focused is the fellowship?	Heavy focus: all MSK interventions are performed in the fellowship including an active spinal interventional team, using flouro, CT and ultrasound.
Which procedures are you responsible for?	Fellows are responsible for the following procedures: arthrograms, MSK biopsies and aspirations, spinal injections and rhizotomies using US, Flouro and CT.
Additional Comments about Workflow:	
RESEARCH	
What are the Research Expectations?	Fellows are expected to present at a meeting \$2000 funding provided for presentation
